the tide of my sea

*you are the living strength of my sea wind
 you are a boat on its course
 my green island my warrior
 you are the tide of my sea*

*you are the sudden noise of the surf
 you are the helmsman who laughs
 my horizons my lover
 you are the tide of my sea*

*you are a breaker recoiling
 you are the broad curved sail
 my hidden harbour my lover
 you are the tide of my sea*
